

## SUCCESSOR TO THE MUSKOGEE STAR

TULSA, OKLAHOMA, FRIDAY, AUG. 29, 1943

Subscription \$1.00 Per Year

NATIONAL PETITION  
AGAINST JIM CROW

*Anti-Caste Segregation by the  
Federal Government.*

### Attractions Engaged for the New State Fair

To Be Held at Muskogee, Oklahoma, October 8 to 11, 1939

from Sapulpa by Martin of the Tulsa Star. It was intended work for a secret order of which the Star is the official organ and supposed to do all the printing of said order in this State. Martin is a prominent figure in the ranks of this order and had been half the MAX that he pretended to be and swore he would become a member of the order.

He would have delivered the work to the Tulsa Star. Even had not the editor belonged to the same order and his paper not the official organ, he would have delivered the work to us and have been true to manly principles.

But instead he took the work to a white printing office where not even a colored janitor is employed after telling the editor that he had it and would deliver it to him. The editor called at his office for it and he misacted grossly representing that he had returned the copy to Naphtali when he knew full well it was at the time in another shop here in town. We leave it to the public whether this was the action of an honorable race man.

There is no excuse that hereafter which will excuse his actions in this unjust and malicious conspiracy. We are not publishing this because we feel "sure" because we did not get what was justly ours, but because we want the public to know why Martin and Carter are circulating falsehoods about the Star. If either Martin or Carter desired to reply to this article the columns of his paper are open to them.

This now is the calling of the men who are trying to discredit and retard the progress of The Star. We submit our case to the public on the merits alone and are willing to abide by the verdict.

The International Dry-Farming Congress, which meets in this city a October is one of the biggest things going and the farmers of Oklahoma should make the best possible of the meeting and discussions. Dry-Farming is an art that should be known to every tiller of the soil and this will be a splendid opportunity for all farmers to improve their knowledge of the art. The Board of Managers are planning a big building to be erected exclusively for colored farmers, and while there is no need of this kind of discrimination, it will be a great advantage to the colored farmers inasmuch as they can the more effectively display their exhibits.

One of the biggest and best sales of the season is said to be going on at the Harlow Brokerage store on South Main street. This company makes a business of buying bankrupt stocks and selling it to the buying public at bargain prices. One noticeable feature of this store is the excellent array of ladies' and children's goods, all of which are very cheap, and anxious to serve the purchasers. Mr. Harlow, the proprietor, is a man of exceptional qualities and deserves the trade he gets.

Included in their manner also, will be, The Penny Vambosling, The Three Ringed Circus, The South Before the War, Trained Wild Animals Exhibit, Noms, Jugglaland, The Grand Palace, The Sea We We, The Maphome, Demonicus, The Blackboard, The Safford, Mazzetta, Steeple Chase, Ferris Wheel, and Venus, as good as many others.

## and 60. With a rise in Suny South

Clayton A. D. Jackson, who has been operating a barber shop on Boston avenue, sold out last week to G. W. Tate, former manager of the New State Barber Shop. Clayton Jackson will take a trip to Georgia to visit a brother before deciding definitely what line of business he will follow.

## New York Gov. Files Charges

The latest from New York impeachment case is that Gov. Sulzer has filed charges of conspiracy against his political enemies—the Tammany gang and is preparing to put up a stiff fight, not only to clear himself of impeachment, but punish his persecutors. The impeachment trial comes up next month.

## In Need of Another Patrolman

Another brawl was pulled off on North Greenwood las Sunday, the principals being women of the underworld. The fight caused considerable excitement as such scenes usually cause and served to call the attention to the need of two policemen in this end of town. One patrolman cannot keep order in the East End be-  
cause to do so would be necessary for him to remain on his beat continually which is impracti-  
cable.

The ministership to Hayti has been taken from the colored constituency and given to a white man, says the latest report from Washington. This will end the political dream of a number of colored democrats who have hoped for the best.

Freddie Carter, who was wanted by the police for the murder of Friday Williams about a year ago, was arrested early this week in a raid at Bantlesville. Police man Williams was sent after him and he is now in the county jail awaiting trial.

The news comes from Nowata that Prof. Grube, principal of the colored school at that place was shot and killed there by a barber

All Makes of Machines on Exhibition At Muskogee Fair Worth Going Far  
at Muskogee, Ok., Oct. 11, 1913. to See.

Visitors to the New State Fair who are interested in automobiles and motorcycles will find a display of automobiles and motorcycles of the latest make which will be of great educational value. The different manufacturing firms of automobiles have already engaged their salesmen to be on duty, and this show will be one of the features of the fair. The live stock exposition alone will be well worth a visit by the New State Fair, as the best live stock of all breeds will be shown in competition and stock farmers will be able to see the best in the country. Over one thousand dollars is offered in premiums in the Saddle Horse Show and in the harness show. There will be a race track for single drivers and drive teams and in the standard breed show will be of great interest to them, and draft classes. Don't miss the Horse Show Wednesday and Thursday nights. A great many different makes of cars will be in attendance today and Thursday night. A great many different makes of cars will be in attendance today and Thursday night. A great many different makes of cars will be in attendance today and Thursday night. A great many different makes of cars will be in attendance today and Thursday night.
